

## **Their time, making your time, a great time ... in Cornwall!**

When you holiday at some of the better locations across the globe, you nearly always have access to a concierge service which can recommend places to go, run errands for you, make reservations at restaurants and basically organise anything that you desire.

Visitors staying at self catering properties across Cornwall and indeed holiday/second home owners, can now access their own 'holiday concierge' to help them with as much of their visit as they want, for an hourly fee. This flexible and resourceful holiday concierge service has just been launched for visitors to Cornwall by the award winning holiday and second home specialist, Perfect Example Ltd.

“Our Holiday Concierge service can provide visitors to Cornwall with almost anything that they want during their stay, saving them lots of time, so that they concentrate on relaxing and enjoying themselves” says Scott Fairhurst of Perfect Example. “We can make reservations or recommendations for dining. Find, recommend and book self catering accommodation. Provide services to the rented holiday home such as chefs, housekeepers, masseurs. Organise leisure pursuits and plan days out or co-ordinate pamper sessions at local spas. My favourite is the ‘Challenge Us’ element, helping visitors or indeed holiday and second home owners to arrange that memorable occasion or make whatever they want ... happen!”

“We have been providing this service to many of the high quality self catering properties and second homes that we already manage. We have now decided to make it more available and service the demand for high quality services to high quality self catering accommodation” adds Tina Fairhurst, also of Perfect Example. “In addition to the concierge services, we have also provided many lifestyle services like grocery shopping, managing deliveries, sorting out wireless networks, overseeing website projects and in the last two months we have completely furnished two properties. We also always try to work with local businesses which helps keep the money in Cornwall,” says Tina.

For more details on the holiday concierge service, you can contact Perfect Example on 01208 895216 or via their websites which are:
